## DAHLONEGA, GEORGIA

**Wolf Mountain  
Vineyards &  
Winery**

You'll find it near  
one of the prettiest  
small towns in  
the highlands

**T**HIS FAMILY-OWNED winery atop a mountain enjoys the expertise of a highly regarded winemaker. For 15 years, Brannon Boegner, son of founder E. Karl Boegner, has served as Wolf Mountain's head vintner, producing premium dry whites, rosés, and reds as well as semisweets, ports, and sparkling wines. Karl began laying the groundwork for the winery in 1999 and opened it to the public in 2003. He and Brannon worked with consultants from California and Virginia to develop grapes that could flourish in the vineyards' soil at an 1,800-foot elevation within the Dahlonega Plateau, which became a U.S. viticultural region in 2018. Enjoy Brannon's award-winning wines in a raised Craftsman-style building about 6 miles north of Dahlonega. Have lunch or Sunday brunch at the Vineyard Cafe.
